The repair or renewal thereof shall be made by the property owners within thirty (30) days after said written notice if given to the said property owners. Nothing herein contained shall be construed to place the responsibility of determining when sidewalks may become dangerous to the welfare and safety of the traveling public upon the Township. At all times such responsibility shall be solely upon the property owner whose land abuts the curb or sidewalk.

Every person to whom a permit is issued or by whom any opening or excavation is made shall take every necessary and reasonable precaution to keep the street and sidewalk in a safe and passable condition, both day and night, by the use of guards, barriers, lights and other devices.

The Township's Codes Officer is hereby authorized to give notice, in writing, to the owner or occupant, as the case may be, of any property whereon there is a violation of this Section, directing and requiring such owner or occupant to trim, cut, or remove such trees, shrubbery, bushes, or other plant growth so as to conform to the requirements of this Section, within 15 days after issuance of such notice. Should a person so notified neglect, fail, or refuse to comply with such notice within the prescribed period of time, the Township may trim, cut, or remove such trees, shrubbery, bushes, or any other plant growth, or may enter into a contract to cause the same to be done, and the costs thereof, together with a penalty of 10% of such costs, may be collected by the Township from such person in the manner provided by applicable law.

All accumulation of snow and ice of a depth in excess of two inches shall be removed from public sidewalks within 24 hours after the precipitation causing the same shall have ceased. Such snow or ice shall be completely cleared from the sidewalk exposing the wearing surface of the same to a width not less than 24 inches.
